BEAUFORT PARK'S GLORIOUS PAST

The area has hosted a number of the world's firsts over the years, including the first successful hydrogen balloon flight, aerial derby and aerial loop-the-loop.

Claude Grahame-White was one of England's premiere pilots, who initially found fame racing Frenchman Louis Paulhan from Hendon to Manchester. His reputation grew when he won the Gordon Bennet Aviation Cup in New York, and landed his Farman biplane on a road near the White House, where he was applauded rather than arrested.

In 1911, he took control of the land around Beaufort Park to create the world's first airfield – Hendon Aerodrome. He started a flight school, took the famous author H. G. Wells for a spin in 1912 and launched the great Hendon Air Shows.

As flying became more familiar, it looked as though his aerodrome would become 'the Charing Cross of international air routes'. The airfield's focus gradually shifted towards the military, and civilian flights were moved first to Croydon and eventually to Heathrow.

Today, Hendon Aerodrome is celebrated at the Royal Air Force Museum, including Grahame-White's original Watchtower, located adjacent to Beaufort Park. The museum is a huge attraction and continues to celebrate the story of British aviation in North West London.

Bentfield Hucks' first loop-the-loop was celebrated with an upside-down dinner, with tables arranged in a loop, and a menu that started with dessert and finished with the starter.

BRITISH FIRSTS FOR THE RAF LONDON

- Claude Grahame-White founded the Hendon Aerodrome which was first opened in 1911
- From his small factory, Claude Grahame-White designed and manufactured aircrafts and created an aerodrome community with purpose-built housing and London's first flying school was opened in 1911
- First airmail service from Hendon to Windsor in September 1911. Over 100,000 letters and cards were carried
- First night flying display was staged on the 26th September 1912
- First loop-the-loop was celebrated by an upside-down dinner in January 1914 with tables arranged in the form of a loop and a menu that started with dessert and ended with the starter!
- First parachute descent from an aeroplane was made by Mr W. Newell on Saturday 9th May 1914

1, 2 & 3 BEDROOM APARTMENTS

The Studio, Manhattan, 1, 2 & 3 bedroom apartments have been designed for modern living, with light-filled spaces and contemporary interiors.

Each apartment has a balcony, terrace or access to communal gardens and select homes have views over the internal courtyard.

THE AVIATOR SPECIFICATION

The Aviator Specification is more than a design statement. It's an aesthetic that draws on the area's aviation history, through oak detailing and natural tones, while celebrating Beaufort Park's classic quality.

Studio Floorplan

FROM 323 SQ FT TO 385 SQ FT

The design of the Studio apartment has been crafted with careful consideration to deliver efficient use of space and a light, airy feeling. A wealth of natural light floods the Studios from the balcony / terrace that comes available with most apartments.

Manhattan

FROM 476 SQ FT TO 479 SQ FT

The one-bedroom Manhattan apartment has been designed as an open-plan layout to maximise the space available, creating flexible living. The style statement continues through the sliding doors and into the double bedroom which comes with fitted wardrobes.

1 Bedroom

FROM 540 SQ FT TO 664 SQ FT

The spacious open-plan kitchen and living area are bathed in natural light from the windows and the elegant balcony leading off the living room. Stylish and meticulously finished, the shower room and separate well-proportioned bedroom with integrated wardrobes form the perfect place to relax.

2 Bedroom

FROM 699 SQ FT TO 856 SQ FT

Beautiful proportions and flexibility provide the perfect setting for entertainment and relaxation in this two-bedroom apartment. Both bathrooms feature high-quality fixtures and fittings and a modern colour palette.

3 Bedroom

FROM 1,029 SQ FT TO 1,200 SQ FT

This three-bedroom apartment is the epitome of modern open-plan living. Bedroom one benefits from a fitted dressing area adjacent to the ensuite bathroom.

The elegant bathroom uses natural textures in a palette of warm greys to provide a contemporary and modern environment.

DESIGNED FOR LIFE

At St George, we are committed to creating great places where people love to live, work and relax. Where the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance well-being and quality of life for residents and visitors. Where people feel a sense of community.

Customers drive all our decisions

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions.

And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

Choice and diversity

No two St George customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

Quality first to last

Quality is the defining characteristic of St George developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

Green living

For St George, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

Commitment to the future

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

OUR VISION

Berkeley Group is a responsible organisation, wholly committed to being a world-class business, as defined by the quality of places we create, the value they generate for people, communities and the environment, and their positive long-term impact on society. We set ourselves the highest standards in the industry for design, construction, safety and efficiency.

Our Vision, a strategic plan for the business, is designed to raise our standards higher still. Our Vision is reviewed every two years, following objective analysis and discussion of the key industry, national and global issues that are most relevant to our customers and supply chain.

OUR VISION

Our Vision focuses our attention on five key business areas.

FIVE FOCUS AREAS

Customer experience	Quality homes	Great places	Efficient and considerate operations	A commitment to people and safety
---------------------	---------------	--------------	--------------------------------------	-----------------------------------

We are committed to making a real and lasting difference to the communities we serve.

The Berkeley Foundation supports voluntary organisations in tackling long-term social issues in their local community. Working together, we help people choose a different life path, develop confidence and skills, and find hope for the future.

Since we established the Berkeley Foundation in 2011, we have committed many millions of pounds to hundreds of charities and organisations. A significant proportion of our donations are raised through the tireless efforts of our own staff.

SUSTAINABILITY

This is how we are ensuring sustainability across our St George developments.

People, planet, prosperity

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities.

Nature and biodiversity

Parkland, trees, flowers, green roofs, ponds, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone. They are all part of our commitment to net biodiversity gain on our developments. We create natural habitats that encourage wildlife to flourish.

Waste and recycling

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

Water efficiency

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily.

Energy efficiency

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and all lighting is low energy.

Noise reduction

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

Clean air

It is hard to avoid polluted air, particularly in our cities. Throughout our developments we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we provide mechanical ventilation to filter the internal air.

Future-proof design

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes.

WHAT IS MYHOME PLUS?

MyHome Plus is a new online service that is designed to help you manage key aspects of your new home at any time from anywhere around the world.

BUYING PROCESS

This section provides you with a step-by-step guide to the buying process from reservation through to completion, moving in and warranty. At each milestone, the buying process section advises on the next steps so that you can be absolutely clear on your current position and what to expect next.

1. FILING CABINET

In the filing cabinet section you can access documentation relating to your new home immediately at your own convenience.

2. MEET THE TEAM

This section provides an introduction to the team that will be working with you throughout your journey and details their individual roles. You can email any member of the team directly via this section.

3. OPTIONS & CHOICES SELECTION

We are able to offer some choices on certain internal finishes of your new home. Whether this option is available to you will depend on what stage of construction the property has reached at the time of you making your reservation. See the next steps section for further detail on this.

4. CONSTRUCTION PROGRESS

Under this section, regular updates on the construction of your new property will be provided, keeping you up to date on the progress on site and the local area. Your Customer Service Manager will issue regular newsletters and photographs to this section throughout your journey.

NEXT STEPS

1. Your Sales Consultant will send you a link that you will need to activate to access MyHome Plus. The link will require you to set a password for access.
2. Customer Service will then be in touch to invite you into our Show Apartment to view the interior selections available for the internal finishes that you have an option to select. If you cannot make it to the appointment, the options can be discussed over the telephone and selected via MyHome Plus. Customer Service will need to receive your choices selection by the deadline date, which will be given in advance.

AT YOUR SERVICE

From your first visit to the Beaufort Park Show Apartments & Marketing Suite through to completion of your new home and subsequent warranty period, St George is here to provide an exceptional personal service.

It's our team's special touches that make those months of anticipation a truly exciting time. We will provide you with regular progress updates throughout the construction of the apartment. We will also help you find your style among the bespoke interior design options for your kitchen, bathroom and flooring, via our dedicated selection process.

You can take a guided tour of Beaufort Park and your new home during the construction phase.

When your moving date arrives, we will be there to present your keys and provide a full demonstration of your apartment. Our dedicated service and warranty extends for a further two years after you move in.
